through the advice of friends and those who had used them this objection was overcome. After 18 years' exertions, commencing in a small way, the popularity of my articles has extended to all parts of the United States, and widely throughout Foreign countries and this in the face of much opposition. Every means has been resorted to by unprincipled dealers since their merit and suc cess have been know-such as advertising larger bottles at less price, censuring all other preparations, and even copying my advertisements but I am happy to state that out of the many she have reserted to this, none have been successful. MY OBJECT

in this notice is to make facts known to the public and I pectable dealers, believing, after so many years' exertions that the Druggists will discountenance such proceedings, and that the reputation of my articles may not be damaged by the use of inferior or spurious ones. Knowing that many may read this article who are unacquait ted with me, I append a few remarks from those of my native

city, and whose names are known to all parts of the world: "Being personally acquainted with Mr. H. T. Helmbold, it affords me pleasure in stating I have been most favorably impressed with his energy and integrity, and gratified at his success."

WM. WEIGHTMAN, Firm of Powers & Weightman. Ninth and Brown Streets, Philadelphia

Evening Bulletin, Philadelphya.

When on a visit to the city of New York a few days ago, I was induced to call on my eld friend and townsman Mr. T. Helmbold, Druggist, 59 Broadway, N. Y. His Store is a Model—a perfect Gene—the handsomest of any kind we have ter had the pleasure of viewing, and so extensive, being 34 sect front, five stories in height, and over 200 feet deep. It indeed affords us much pleasure to know that he has been so successful, and it is ample evidence of the merits of his articles—as in our whole business experience we have not known of the success of any article without Merit—advertising merity bringing the name before the people."

We do like to advertise worthless wares, or nerticles exi-ulated to deceive our renders, and when we see shadvertiser like Mr. Helmbold, whom we have known for years, gradualy extend his advertising from year to year until he becomes the largest advertiser in the United States, we are satisfied that the statements in regard to his articles must be correct.

The writer reluctantly inserts the above, and would not do so were he not a stranger to many; and concludes by stating the names of his articles, and the diseases for which they have been used by many thousands with complete success.

HELMBOLD'S EXTRACT OF BUCHU will cure all diseases of the Kidneys and Bladder. Cures Pain or Woakness in the Back, Strictures, &c.; Cures weak Nerves, Loss of Memory, Trembling, Dimness of Vision. HELMBOLD'S FLUID EXTRACT OF BUCHU
